

TO: Meridith Croucher, Race Chairman
FROM: Carl F. Dresie, Chief, Timing & Scoring

Attached is a copy of the official results of the the second 53rd Glen Nationals, conducted by the FINGER LAKES Region, SCCA. New lap records and an entry by class summary are included. This event had sanction number 01-N-48-S and was conducted July 14 and 15, 2001 using the WATKINS GLEN INTERNATIONAL Long Course. This course with inner loop, has an official length of 3.400 miles. This event was held under the rules of the Sports Car Club of America.

These results are due to the efforts of 20 Timers & Scorers from the FINGER LAKES, GLEN and other Regions of SCCA, along with members of the Canadian Timing Assoc,. Senior members were: Jean Morris, Scoring Captain; and Peter Steinberg, Electronic Timing Captain.

Timing was by a Chronomix electronic timer using an electric eye to provide timing data to within 0.001 seconds backed up by the AMB timing system. Scoring was done by an independent scoring team and the electronic timing system.

Starting positions for Sundays races were determined by the best time from the two Saturday qualifying sessions.

Results from the Pro Spec Racer Ford group, run as Group 4, are included. Further information on that group may be obtained from Dianne Kramer.

The following number of cars were on course:

Saturday, July 14	296
Sunday, July 15	273
Total cars on course	298

This includes the 17 cars running the Pro Spec Racer Ford session that did not run in the National Spec Racer Ford session, Group 1.

Seven new lap records were set/established for the long course. They are listed on the next page.

In the Spirit of the Sport,

Carl F. Dresie, Chief of Timing & Scoring
