- RACE LENGTH:** This is a timed race. Scheduled duration is 2 hours. The Checkered Flag will be displayed at the two-hour mark. The race may be shortened at the discretion of the Chief Steward. The first car shown the Checkered Flag is not necessarily the winner of the race. The winning car/team is the one that has completed the most laps before receiving the Checkered Flag.
- MULTIPLE DRIVERS:** Driver changes are permitted. Multiple Driver teams must have submitted "Additional Driver Entry Forms" to registration for each additional driver. Only drivers entered for a vehicle may drive that vehicle. The Enduro Pit Marshals must be notified which driver is starting the race. The team is responsible to notify the Enduro Pit Marshals at every driver change. Penalties will be assessed any team not following this procedure.
- MANDATORY STOP:** There will be **one** mandatory 5-minute pit stop for each car entered. The pit stop may be completed after the first 15 minutes of the race and before the last 15 minutes of the race. The 5-minute stop measurement begins when the vehicle stops in its assigned pit space. The vehicle may not leave that pit space until a full 5 minutes has expired. Additional pit stops may be made, as long as they are conducted in a safe manner. Pit stop time is not accrued; two short pit stops do not equal 1 long pit stop. If the race is ended before

the last 15 minutes of the 2-hour scheduled length, any vehicle that has not completed its mandatory stop will be assessed a 4-lap penalty. The penalty is added to finishing results, and may affect finishing position.

5. **REFUELING:** Refueling is permitted. The driver **must** exit the car before the fuel cap may be removed from the tank or cell. The driver may not re-enter the vehicle until the fuel cap is replaced and secured. The refueling team will consist of two persons wearing an SFI approved fire suit, gloves, a helmet with closed face shield or balaclava and goggles. . DOT approved and NASCAR style dump cans will be the only fuel containers allowed. One person will refuel the car. Repaired vehicles may return to competition via pit lane once repairs are completed with approval of the Chief Steward. Enduro Pit Marshals will be monitoring pit stops, and may require additional safety measures. Competitors must comply with all requests from the Enduro Pit Marshals.
9. **TEAM RESPONSIBILITY:** Each team must supply 1 person to work a 1-hour shift during the race in some race specialty. The Enduro Steward will ensure compliance and delegate work assignments. Teams not providing this required worker will be penalized 10 laps at the completion of the event. Teams must also designate one of their pit crew as a Pit Stop Timer, to time the mandatory 5-minute stop of some OTHER team.
