The rally program is missing some equipment. Please search your basement, attic, barn, trunk, under the seat of your car etc. Wherever you store or stick stuff that you don't want to deal with.

At one of the last two events of last year's winter series we lost one of our two Radio Shack time kubes. As these are no longer available to purchase we would REALLY like to get it back. A few Timewise rally clocks did not come back recently also. They are very important to the program as well as expensive.

We are also missing a number of mirror box control signs and some of the big orange SCCA control signs. You may even find something we didn't know we were missing.

To return equipment, contact any of the rally board members or bring to a region meeting or rally/rallycross event. We don't care why you have it, we just want it back.

thanks for your help,
Debbi
