

A Rally Sampler

Sunday, March 28th

The first rally of the FINGER LAKES Region Spring Rally Series will be an easy paved road event showing the different formats that a car/road rally can have.

The map on the right and the instructions below are an example of those formats.

This rally will start at the east side of the mouth of the Genesee River, run through Irondequoit into Webster and back.

As the instructions show, one section will use tulip diagrams, another will be a "string map" and the remaining will be written instructions.

Scoring will be based on the time to travel the timed sections, in seconds, and the answers to questions on observation that can be made in the untimed sections.

Speeds will be below the posted limits and appropriate for the location.

Inst. #	TULIP	Dist.	Delta	String	Written
1 Start		0.15			Left at sideroad onto Alvord. Change average speed to 36.
2		1.59	1.42		Left at sideroad
3		3.17	1.60		Left at crossroad onto Main St. Change average speed to 20.
4		3.44	.27		Left at sideroad on Begole Change average speed to 36.
5 Finish		5.13	1.69		Left after sideroad. (At crossroad onto Frost Rd.)
