

CAR RALLY

SUNDAY, APRIL 18th, 2004

Another April Monte

An excuse to get out of the house

Join us for a Sunday afternoon tour over mostly paved roads in the countryside south and east of Rochester, NY. We will start and end at Cheap Charlie's in Bloomfield.

This will be a MONTE CARLO style rally with distance and time given for numerous possible checkpoint locations along the route. Checkpoints will all be identified and will be "closed" or passage style, i.e., you will not be required to stop. But not every identified location will actually be a timed control.

You will follow written instructions to follow the route, staying within the posted speed limit. Your goal will be to arrive at each potential checkpoint location at the designated time, which we have given you.

Route following instructions will include road names or other identification as available. The goal is to insure that all rally teams stay on course.

The popular run-work approach will be used so we can have plenty of controls, and plenty of competitors,

Scores will be based on the difference between when we told you to arrive and when you actually arrived at each of the timed checkpoints.
