

How to Play the Rally Game V

Or "I Hope We Don't Get Lost Again Rally 2.5"

Sunday November 9, 2008

A rally of approximately 65 miles driven on paved roads in Wayne County. Remember, this is an introduction to road rally for new people and for those semi-seasoned rallyists, a way to brush up on all those pesky math skills you thought you would never use again. So... no dirt roads on THIS event.

This event is designed as a learning tool for both the driver and the navigator of driver's style events or any TSD rally. Learn how to drive on time. Learn how to calculate your times and be on time, even without rally equipment. Each leg of the event is designed to emphasize a different skill. The event is written with tulip instructions and mileages. Additional information will guide you through the event. A class before the event will prepare you. A second class at the end of the event will answer all your questions, and provide some additional lessons.

Schedule: Registration: 12:30 p.m. Class Part 1: 1:00 p.m. First Car off: 2:00 p.m. Class Part 2: 4:30 p.m.
